Class Structure: Four units, each 15 weeks.

Can you sound like an elephant? Or hop like a bunny?

Our Time encourages your child to uncover an engaging musical world while building confidence, self-control and communications skills. Singing, imitating sounds, rhyming and object identification foster language skills. Creative movement to various musical “moods” develops a sense of balance, timing and spatial awareness. Listening and turn-taking encourage blossoming social skills.

Kindermusik Our Time is designed for children 1½ years to 3 years of age. Along with an accompanying parent or caregiver, children meet weekly for a 45-minute class and enjoy singing, moving, listening and interacting socially, and playing simple instruments. Exploration Time encourages a child's discovery of specially designed instruments, textures, sounds and movements; language skills are fostered with singing, sound imitation, and vocal play; Music & Movement Story Time encourages emergent literacy skills; and creative dancing affirms a child's urge to move.
